

REMARKS

In response to the Restriction Requirement dated November 15, 2005, Applicant hereby provisionally elects Group I, species a and c that are directed to Claims 1-5, 8-19, and 25-27 for prosecution at this time.

Applicant hereby traverses the restriction requirement for the following reason. The restriction requirement stated that in this case the method (Claim 20) can be practiced by an overhead gantry in a warehouse. Applicant submits that the apparatus of Claim 1 could also be practiced using a gantry as the overhead support frames. Applicant submits that a gantry does not include the listing device as described in Claims 1 and 20.

In view of the above, the restriction requirement should be rescinded, and the application substantively examined.

Respectfully submitted,
